Don't pass this up!

BPCIA is working with the Bedford Park Fire Department to offer a CPR/AED class at the Bedford Park Fire Station #1. The class should take around 2 ½ hours. On completion of this class you will receive a CPR certification card. You will learn how to use a defibrillator (AED) and the importance of having them onsite.

We feel it is extremely important to have this knowledge both personally and within your business. Some companies are now requiring personnel to be CPR/AED certified. Space is limited to insure proper training. **If the morning class is filled, we will offer an afternoon class.** Please supply an email address and/or a phone number where you can be contacted in the event we do have to add the afternoon class. Call, fax, or mail in your reservation today to reserve your seat.
