QUARTERLY MEETING

Guest Speaker:
John Kiser
Department of Homeland Security & Emergency Management

See Something, Say Something

Suspicious Activity Awareness and Reporting

Informed and alert communities play a critical role in keeping our country safe. The "If You See Something, Say Something™" campaign engages the public in protecting our homeland through awareness–building, partnerships and outreach. The Cook County Department of Homeland Security and Emergency Management (DHSEM) is committed to strengthening security by creating partnerships with state and local governments, transit agencies and the private sector and, most critically, the communities we serve.

The "If You See Something, Say Something™" campaign emphasizes a public awareness of signs and behaviors that can aid law enforcement in the discovery of potential terrorist activity.
